Looking for a kiosk manufacturer? Kiosk Industry has the major kiosk manufacturers as sponsors, and as members along with our industry lists bring over 500 companies from which to source and select. Adherence to kiosk-specific ADA accessibility guidelines, UL policy, HIPAA and PCI (KMA is a participating organization) are some of the criteria to employ in your selection of a kiosk partner. Don't settle for cheap, under-engineered, "we also do kiosks" manufacturers. We also have a complete video library with over 100 different videos demonstrating kiosk companies on our vimeo site (<https://vimeo.com/user21507462>)
